GEOTECHNICAL DESIGN MEMORANDUM

11 Nov 2023

TO: City of San Rafael, Planning

SUBJECT: Dominican Lots, Geotechnical, Geotechnical Investigation Report
San Rafael Geotechnical Review Appendix F § B Geotechnical Investigation Report

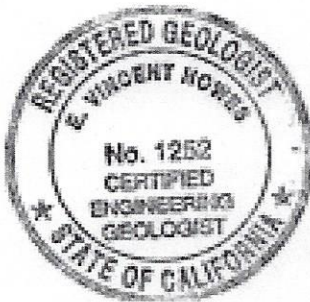

Reference: SHAI Report, Geotechnical Investigation, Dominican Lots...26 January 2023

Our 2023 report covers all the applicable items in the Review Matrices for Levels A and B, items not covered in the matrices do not apply to the site or should be covered in a "Site Grading and Drainage Report" prepared by a civil engineer and are not within our area of expertise. The referenced report was prepared by geotechnical engineer and engineering geologist.

Specifically in reference to §B the following were not covered;

2. We prefer to conduct insitu testing by Standard Penetration Tests (per ASTM D-1586) which covers a large area and does not rely on small 4" samples removed from the site in a questionable disturbed condition
6. Settlement analyses are not applicable to this site.
7. Liquefaction is not applicable to this site.
8. Does not apply.
9. Does not apply.
10. c, fiii-fvii Do not apply
